Complete Software Suite Puts YOU in Control!

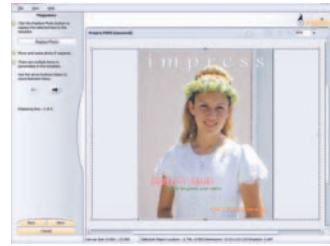

With Roxio's Digital Media Software Suite, creating DVDs and CDs is a snap. This suite includes:

- AudioCentral
- Creator Classic
- Disc Copier
- DVD Builder
- DVD Max Player
- PhotoSuite 5 Standard Edition
- VideoWave Movie Creator

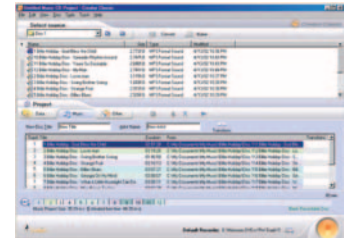

Create Professional Looking DVD Videos!

Admit it, you've always wanted to make your own DVDs. With the included DVD Builder and VideoWave applications, you can create your own Hollywood style DVDs for your family and friends, or convert your VHS tapes to DVD* for generations to come.

Edit, Save and Record Your Digital Photos!

Digital photography is changing the way people capture and view their photos. CDs and DVDs are the best way to use and store these images, and is the only media that offers the capacity, affordability and long-term reliability for safely storing your precious memories.

Save Your Data and Audio Files to CD or DVD!

With today's files occupying more and more space, DVD is the obvious choice for data storage. With this Memorex DVD Recorder, you can store your files on DVD or CD...or create your own Audio CDs from a variety of music formats: MP3, .WAV, .WMA and more.
